

BGDSHF FOAM DOCK SHELTER

FEATURES AND SPECIFICATIONS

Designed to accommodate 10' wide x 10.5' high door openings, highway trailers and tailgate trucks, the BGDSHF provides unobstructed access to the trailer interior. The top curtain, side curtains, and foam side frames fit snugly against the trailer, ensuring weatherproof protection. With no mechanical or adjustable parts, this unit is designed to prevent many of the problems that arise from conventional seals and shelters.

Standard units seal trailers 12' to 13.5' high on a typical 4' dock height.

STANDARD FEATURES:

- 18" projection
- 22 oz. Hi-Tear vinyl base fabric
- Durable head unit made from pressure-treated lumber and measuring 136" wide, with an 18" projection and a 36" head curtain
- Two foam vertical side pads with curtains capable of withstanding repeated impact
- High-visibility yellow guide stripe
- Replaceable foam bottom pads seal gap between truck and building
- Galvanized mounting hardware

For maximum value and performance, the BGDSHF can be constructed from our premium durability fabrics (see chart for materials, weights, and available colors).

ADDITIONAL OPTIONS INCLUDE:

- Extra projection
- Wood build-out box
- Additional drop in head curtain
- Gussets in head curtain
- Tapered side pads
- Galvanized steel head frame
- Additional width on head curtain
- Additional width on side curtain
